

MOONBUGGY ROOKIE AWARD CRITERIA 2009 NASA Marshall Great Moonbuggy Race

NASA Great Moonbuggy Race's Rookie Awards honor the high school and college teams that post the fastest 'first year' times in the Moonbuggy competition.

To be eligible for the award, a team must be competing for the first time; i.e. the school(s) or institution it represents has never had an entry reach the starting line of the NASA Great Moonbuggy Race.

For 2009, one Rookie Award will be presented in the High School Division, and one in the College Division. Judging will be based strictly on the lowest official time of the two rounds, including assembly time and any time penalties.

All first year entrants in the NASA Great Moonbuggy Race are automatically entered in the competition. No further documentation or entry forms are required.
